

GETTING YOUR PPL

“Flying is within our grasp.
We have naught to do but take it” *Charles Duryea*

WHY LEARN TO FLY?

Learning to fly enables you to discover the freedom of the skies. Any pilot will tell you what a fantastic experience it is to be able to fly an aircraft. It is a learning experience where you will discover yourself and face your fears. The North London Flying School offers flying lessons and pilot

training for a selection of licenses that are recognised in the UK and on the International stage. Learn to fly an aeroplane in a safe and friendly environment and experience the freedom of being in control. It's a skill that will change your life and widen your horizons.

WHAT WILL I LEARN DURING THE COURSE?

The EASA Private Pilot Licence (PPL)

This licence is internationally acceptable and will allow you to fly light aircraft almost anywhere in the world. The minimum age is 17 and there is no upper age limit to hold a licence, but you can count the hours from 14. Flight instruction - structured flight training, fully integrated with the ground school on flying techniques, air law, human

performance, meteorology, flight planning and communications. Navigation skills will also be learnt and tested during the course to prepare you for your final skills test.

MINIMUM HOURS: 45

WHAT'S THE BOTTOM LINE?

The key question people ask is how much is it going to cost me? This is down to how much you want to spend on learning a valuable skill that can change your life forever. The final cost is really dependent on how quickly you learn and prepare for each lesson. With one hour a week, you could have your licence in under a year, two hours a week could get you the licence in six months!

ESTIMATED COST = £8,645
